

## Call for Participation: Nursing Congress

Dear Colleagues,

It is our great pleasure to invite you to participate in the congress dedicated to the contemporary development of nursing under the main theme **“Nursing in the Era of Science and Technology.”** The congress will take place from October 29 to 30, 2026, at the Excelsior Hotel in Lovran.

In a time marked by rapid advancements in science, digital technologies, and artificial intelligence, the nursing profession is facing new challenges, as well as exceptional opportunities for growth and development.

This congress is intended as a platform for the exchange of knowledge, experiences, and ideas that contribute to strengthening the scientific foundations of nursing, improving clinical practice, and fostering the integration of education, research, and everyday work of nurses.

Through lectures, discussions, and research presentations, key topics will include doctoral education in nursing, digital transformation and the application of artificial intelligence in healthcare, evidence-based practice, and the integration of clinical practice, research, and education in modern nursing.

We sincerely hope you will join us, share your expertise, and contribute to the advancement and strengthening of the nursing profession.

Information regarding deadlines for registration and abstract submission will be announced in due course.

We look forward to welcoming you and meeting you in Lovran.

Sincerely,

President of the Congress  
Associate Professor Sandra Bošković, PhD

**SAVE THE DATE**

**29.-30.10.2026.**
